

Brainstorm & idea prioritization

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP

You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

ANUSHA K

Mobile application for setting reminder

Message alert maintaining person

SIVARANJINI S

Application based on body monitoring

Alert on quantity of water level

Checking analyzing for mobile assistance

Notification alert from voice announcement

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

MOBILE APP ASISTANT

Every 10 minutes the water level sends to trainer

Emergen cy alert system on

While they are in dangerous that time the period will expired so definitely they want to exit

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
